

# ART KAOHSIUNG

*Together, We Create Art*

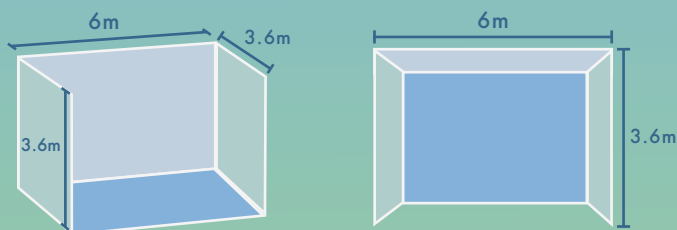

ART KAOHSIUNG Art Fair (hereinafter referred to as ART KAOHSIUNG) has established a strong cultural foundation in southern Taiwan through its extensive experience in organizing art fairs. By uniting resources from industry, government, and academia, it has opened a gateway for Taiwanese contemporary art to engage with the international community.

As the flagship art event in southern Taiwan, ART KAOHSIUNG focuses on inviting local galleries and art institutions from Kaohsiung, Tainan, Pingtung, and Penghu, while also welcoming galleries from across Taiwan. The fair continues to foster and explore the potential of artistic exchange throughout Asia, serving as a bridge for collaboration between Taiwan and East Asian art industries. By bringing together renowned curators and gallerists, the fair connects artistic resources across central and southern Taiwan, sustaining its international atmosphere and shaping a cultural identity for the city of Kaohsiung.
